

# **Cawthorne Choral Society**

## **Role Description: Music Steering Group**

### **Music Steering Group – Terms of Reference**

The members of this group, led by the Musical Director, are not general committee members. However, they meet periodically (typically 2-3 times a year) to decide the musical content of concerts. The librarian and deputy librarian, accompanist and Musical Director are core members.

*It would be helpful if members of this group have a broad knowledge of choral music and experience of singing in choirs. Members should be able to bring ideas and be prepared to research resources for the programme.*
